RE: Drainage District No. 2

Dear Landowner:

The Floyd County Board of Supervisors scheduled a meeting regarding Drainage District #2 for **June 8, 2009, at 9:30 A.M. in the Supervisors Boardroom on the second floor of the Floyd County Courthouse in Charles City.** Your attendance at that meeting is requested. If there is a serious conflict that prevents you from attending, please contact me at the telephone number above.

This correspondence is being served upon you by the Floyd County Sheriff's Office only because there is a record then generated that notice of the meeting was given by the Supervisors. You are not currently involved in any pending or contemplated litigation by the Supervisors. I understand it is quite surprising having a deputy serve you, but rest assured it is being done for no other reason than the paper-trail personal service generates.

Thank you in advance for your time and attention. If you have any questions, please don't hesitate to contact me.

Sincerely,

Jesse M. Marzen
